Oct 16

Sustainability in Filmmaking

Explore environmentally-conscious filmmaking with sustainability experts. From minimizing waste in pre-production to eco-friendly production practices and sustainable post-production solutions, this panel illuminates the path toward a greener industry.

Oct 23

Behind the Scenes of Production

Get insights from seasoned producers, filmmakers, and cinematographers as they share their creative journeys and discuss the realities of securing funding, assembling teams, and storytelling in the film industry.

Oct 30

The Art of Animation

Discover the intricacies of animation, as creators delve into how they bring animated stories to life and offer an insider's perspective on this captivating art form.

Nov 6

Crafting Stories in Development

Learn from development professionals as they provide insights into crafting stories, from ideation to screen, discussing the nuanced art of storytelling.

Nov 13

Navigating the Agency Landscape

Join a diverse panel — from newcomers to seasoned professionals — discussing the agency landscape, offering insights from various tiers within the industry and sharing perspectives on agency success.

Nov 20

Inside Entertainment Management

Explore entertainment management in this enlightening discussion, gaining insights into the role of artist representation and the impact of managers in shaping the entertainment industry.

* Those participating in 4 of the 6 events will be entered into a drawing to win a \$100 Visa gift card and will receive priority for future, in-person education, training, and paid internship programs.
